Subject: SW-20445A-12-0310 W-20446A-12-0314 Global Water Requests

In regards to the following docket #'s : SW-20445A-12-0310 W-20446A-12-0314

This is an open letter to the Commissioners of the ACC in regards to the request for rate increases for Global Water and Palo Verde Utilities.

At this time in our country and state, the fact of a continuing recession that has a grip on our nation, we believe that this request is out of line. The people of Pinal county are trying to survive on what they have been dealt by the recession and CANNOT afford to wonder where to find the money to pay for a another excessive expense.

The request affects HOA's as a double increase, as you're aware that if the HOA's are given increases that will be passed on to members, so they in affect will get "double dipped".

The COL for Social Security for the year of 2013 was allowed a increase of 1.7% while Global /Palo believe that they need an 22.83% & 25.29%! This indeed is not what the economy says that is in line for increases at this time. So with this the summary that we believe is that this request should be denied to the above references for Global Water and Palo Verde.

Thank you for your time.

Sincerely,
